ENABLING BETTER INTERACTIONS

SmartCollect

Better Customer Experience.

Better Bottom Line.

Businesses are seeking a better way to improve collections by increasing customer contact and engagement.

Telrock meets this need with **SmartCollect**, a cloud-based 24/7 self-service engagement and PCI compliant payment portal designed for collections with digital messaging capabilities and an automated rules-based engagement for a more positive customer experience.

SmartCollect also supports lower operational costs by automatically facilitating certain manual collection in the self-serve collections portal to increase customer engagement, and improve collection rates.

Increase collections performance and lower operating expenses. Offer a better customer experience.

That's Telrock SmartCollect.

Telrock is a Global provider of modern, more intelligent software solutions that improve customer contact, engagement, and collections management.
